Andy – I left a voice mail late today related to comments exchanged between Charlie and Luke Pokorny. Charlie shared with Luke that the Montana Standard has contacted him with questions related to Anaconda response work. Charlie also share that received a list of questions from the Standard this week.

Would EPA please share the Montana Standard letter / list of questions with Atlantic Richfield? Atlantic Richfield asks EPA to share the questions to understand the topics that may be covered in forthcoming Standard articles. I believe that will help the company to be prepared to respond when and if an article is published.

Thanks for your consideration, and have a good weekend. I am in the office next week if you want to discuss.

Bill
